

Welcome

OCTOBER 16th, 2020

So on this Parent Mail we discuss how you can help your team, age group, your club!

Please note: This is a non reply system, so please contact your team manager or a committee member for more information.

3 Simple Ways You Could Help!

Get Involved!

Our club runs on volunteers, this includes most of the coaches at the club! Why not get involved by helping to run a side, or assisting the coach and team? Coaching not your thing, that's fine, why not help with some of the admin work, such as collecting match day subs. There are so many roles (big or small) that you can help with.....speak to your team manager to find out more.

A DBS will be required by the club prior to any under takings.

Sponsorship Opportunities

Do you know someone who can help sponsor a side.... family business or work company?

We have many opportunities for sponsorship through the club. As a local football club we make no profit from team sponsorships as we want as many of our teams looking the part as possible. We in return offer visual advertising including online ads.

For more information & prices please contact Tom (tomhamilton1989@hotmail.co.uk)
or visit: www.guildfordcityboysandgirlsfc.co.uk/sponsors

Supporting your coach

We understand that not everyone can help out at all times, but these simple things will support your coach and help them save time...

- * Repeating your child's availability for matches and training sessions as soon as possible
- * Offering to help set up and put away equipment on training sessions
- * Asking your coach if there is anything else that you could help with...

All our previous Parent Mail now can be viewed on our website.
